

SPA FAVOURITE

Soaking tired feet in a bowl of warm water infused with the **Spa Additive for Feet** (250g) is one of winter's pampering pleasures.

DOCTOR IN A TUB

"This is not only great for feet, but is an amazing all-over pick-me-up. I have sensitive skin and I love how it soothes irritations and leaves my feet feeling soft."

– Jacqui

- Refreshing **Tea tree** and **Niaouli** have natural antifungal and antibacterial properties.
- Revitalising **Witch Hazel** is a superb astringent that tones skin and soothes inflammation.
- **Oxygen-releasing agents** soften skin and prepare it for further treatments – making it an essential part of any pedicure.

HEEL-ING POWER

Banish dry, cracked heels overnight with this hard-working duo.

1

Use the light, porous **Scrub Stone** to remove the build-up of hard, ridged skin on the heels and soles.

2

Follow with the **Overnight Balm** (125ml). It restores heels to supple, healthy softness in no time at all thanks to a luxurious mix of deeply nourishing and healing Jojoba, Wheatgerm and Avocado oils.

"Within a week I could see a dramatic improvement in my feet. It is definitely the best foot cream I have ever used."

– Caroline
